1. PRODUCT AND COMPANY IDENTIFICATION

Dyna-Plex 21C Mac-Cool 532
Metalworking fluid
Product Code: 14830

Miller Industrial Fluids, A PetroChoice Company
1751 W. Raymond Street
Indianapolis, Indiana 46221
Website: www.petrochoice.com

1-317-634-7300   Telephone
1-800-424-9300   US, Canada, Puerto Rico, Virgin Island - Emergency telephone (CHEMTREC)
+1-703-527-3887 International / Maritime Emergency telephone (CHEMTREC)

2. HAZARDS IDENTIFICATION

OSHA/HCS Status:
This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

Classification of the substance or mixture: Serious Eye Damage/Eye Irritation – Category 2A

GHS Label Elements
Hazard Pictogram:

Signal Word: WARNING
Hazard Statement: H319 – Causes serious eye irritation
Precautionary Statements

Prevention: Wear eye protection/face protection. Wash hands and other exposed areas thoroughly after handling.

Response: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

Storage: None

Disposal: Dispose of contents and container in accordance with all local, regional, national and international regulations.

Other Hazards: None known

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name: None

Formula: Mixture

Other means of identification: None

CAS Number/other identifiers: Not applicable

*Any concentration shown as a range is to protect confidentiality or is due to batch variation.

**The specific chemical identity has been withheld as a trade secret.

4. FIRST AID MEASURES

Description of necessary first aid measures:

Eye Contact:

Rinse immediately with plenty of water for at least 15 minutes. Remove contact lenses, if safe and possible to do. Protect unharmed eye. Keep impacted eye(s) wide open while rinsing. If irritation persists, seek medical attention.

Inhalation

Move person to an area with fresh air. If breathing has stopped, give artificial respiration and call for emergency services immediately.

Skin contact

Take off contaminated clothing and shoes immediately. Wash off with plenty of soap and water. If symptoms persist, call a physician.
Ingestion

Rinse mouth with plenty of water and drink plenty of water afterwards. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If large quantities are swallowed, call a physician immediately.

**Most Important Symptoms/Effects, Acute and Delayed:** May cause irritation to the eyes.

**Indication of any immediate medical attention and special treatment needed:**

If necessary, treat symptomatically

---

5. **FIREFIGHTING MEASURES**

**Extinguishing media**

**Suitable extinguishing media**

In case of fire, use water spray (fog), foam, dry chemical or CO₂.

**Unsuitable extinguishing media**

None known.

**Specific hazards arising from this mixture**

Thermal decomposition products include oxides of carbon, sulfur and nitrogen.

**Special protective equipment and precautions for fire-fighters**

Wear helmet, self-contained positive pressure or pressure-demand breathing apparatus, protective clothing and face mask.

---

6. **ACCIDENTAL RELEASE MEASURES**

**Personal precautions, protective equipment and emergency procedures**

Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

**Methods and materials for containment and cleaning up**

Stop the flow of material, if this is without risk. Dike the spilled material, where possible. Absorb with an inert absorbent material and place in a suitable container for disposal. In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.

**Environmental precautions**

Do not let product enter drains, sewer, rivers or lakes.
7. HANDLING AND STORAGE

Precautions for safe handling

Wash hands after handling and before eating. Do not get this material in contact with eyes. Remove and wash contaminated clothing promptly. Conditions for safe storage

Conditions for safe storage

Keep container tightly closed in a dry and well-ventilated place.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure limits

</tbody>
</table>

Appropriate engineering controls:

Adequate ventilation should be provided whenever the material is heated or mists are generated. Provide adequate ventilation, including appropriate local extraction, to ensure that the defined occupational exposure limit is not exceeded.

Individual protection measures, such as personal protective equipment:

Eye/face protection

Goggles/face shield are recommended.

Hand protection

Neoprene or nitrile rubber gloves are recommended.

Skin protection & body protection

Chemical resistant long-sleeve clothing is recommended. Launder contaminated clothing before reuse.

Respiratory protection

If vapors/mist concentration exceed the exposure limit(s), an appropriate certified respirator must be used.
General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Amber
Physical state: Liquid
Odor: Mild
Odor Threshold: Not available
pH: 10.5 (5% solution)
Melting point/freezing point: 32°F (0°C)
Initial boiling point and boiling range: 490°F (254.4°C)
Flash point (Cleveland Open Cup): >300°F (148.9°C)
Evaporation rate: Not available
Flammability (solid, gas): Not available
Lower/upper flammability or explosive limits:
  Flammability Limit
  Lower %: Not available
  Upper %: Not available
  Explosive Limit:
  Lower %: Not available
  Upper %: Not available
Vapor pressure: Not available
Vapor density: Not available
Relative density: 0.94 @ 60°F (15.56°C)
Solubility (water): Miscible
Partition Coefficient (n-octanol/water): Not available
Auto-ignition Temperature: Not available
Decomposition Temperature: Not available
Viscosity: 100 cSt @ 104°F (40°C)
10. STABILITY AND REACTIVITY

Reactivity: No data available
Chemical stability: Stable under recommended storage conditions
Possibility of hazardous reactions: Hazardous polymerization will not occur
Conditions to avoid: None known
Incompatible materials: Strong acids and oxidizing agents
Hazardous decomposition products: Decomposition products include oxides of carbon, sulfur and Nitrogen.

11. TOXICOLOGICAL INFORMATION

Information on the likely routes of exposure:

Ingestion: May cause gastrointestinal irritation and discomfort if swallowed. Do not induce vomiting. Vomiting may increase risk of product aspiration.
Inhalation: May be harmful if inhaled. However, this product does not meet the criteria for classification.
Skin Contact: Frequent or prolonged contact may defat and dry the skin.
Eye Contact: May cause irritation of the eyes.

Symptoms related to the physical, chemical and toxicological characteristics: Not available

</table>

**Persistence and Degradability:** No data available

**Bioaccumulative Potential:** No data available

**Mobility in Soil:** No data available

**Other Adverse Effects:** No known significant effects or critical hazards.

### 13. DISPOSAL CONSIDERATIONS

**Waste Disposal methods**

Disposal of waste material should comply with all local, state, federal and provincial environmental regulations. See Section 7 for safe handling procedures and section 8 for personal protective equipment recommendations. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Empty containers or liners may retain some product residues. Follow label warnings even after container is emptied. Avoid contact of any spilled material or runoff with soil, waterways, drains and sewers.

### 14. TRANSPORT INFORMATION

**DOT:** Not regulated

**IMDG:** Not regulated

### 15. REGULATORY INFORMATION

**U.S. Federal Regulations**

This product is considered a “Hazardous Chemical” as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

**United States inventory (TSCA 8b):** All components are listed or exempted.

**SARA 302/304:**

Composition/Information on Ingredients

No products were found
SARA Hazard Categories (311/312)

Acute Health Hazard: Yes
Chronic Health Hazard: No
Fire Hazard: No
Sudden Release of Pressure Hazard: No
Reactive Hazard: No

SARA 313:
This material does not contain any chemical components that exceed the threshold reporting levels established by SARA Title III, Section 313.

State Regulations

Massachusetts: The following components are listed: Ethanolamine
New Jersey: The following components are listed: Ethanolamine; Ethanol, 2-amino-
Pennsylvania: The following components are listed: Ethanol, 2-amino-; 2-Amino-2-methyl-1-propanol.

California Proposition 65
This product does not contain any chemicals known to the State of California to cause cancer, birth defects or reproductive harm.

16. OTHER INFORMATION

The information and recommendations contained within this document are believed by PetroChoice to be accurate and reliable as of the date prepared. The information and recommendations are offered for the user's consideration and analysis and in no way guarantee the chemical specifications for the specified product. It is solely the responsibility of the user to determine safe conditions for use of this product and to assume liability for any loss, damage or expense arising out of the product's improper use. The user should consider the information in this document in the context of how the selected product will be handled and used in conjunction with other products. It is the user's responsibility to determine that the product is suitable for the intended use.

Appropriate warnings and safe-handling procedures should be provided to all handlers and users. PetroChoice assumes no responsibility for any damage or injury resulting from abnormal use or from any failure to adhere to recommended practices within this document.
